

Session: Commercialization of Photonics Technologies from Universities

Organisers: Dr. Wei-Ping Huang, Professor, McMaster University, Canada.
Mr. Mark Cranshaw, Project Manager, Innovation China-UK (ICUK),
University of Southampton, UK.

Saturday November 1st, Room 2, 4:30pm-7:00pm

4:30-4:55 pm

Innovation China-UK: an introduction. Mark Cranshaw, Project Manager ICUK

4:55-5:20 pm

Creating high tech spin-outs from a University environment. Professor David Payne,
Optoelectronics Research Centre, UoS

5:20-5:45 pm

Commercialization of Optical Fiber Sensors for Application in Mine Safety. Dr. Tongyu Liu,
CEO, Shandong Micro-Sensor Photonics Ltd and Deputy Director, Laser Institute of Shandong
Academy of Sciences, Jinan, China

5:45-6:10 pm

IPR protection for international joint R&D and technology transfer. Richard Lin, Partner,
Fangda Partners, Shanghai

6:10-6:35 pm

Commercial Opportunities in Wuhan, Optics Valley of China (OVC). Prof. Dexiu Huang,
Huangzhou University of Science and Technology, Wuhan East Lake Hi-Tech. Development
Zone.
